Subject: Re: Sewer issue in Tega Cay, SC

Please HELP!

I would like to voice my concern over the sewer containment issue in Tega Cay. There seems to be an issue with keeping raw sewage from running into Lake Wylie from the treatment areas. Raw sewage in our lake is absolutely disgusting and unhealthy!! This issue needs immediate attention. I would like to know what we can do to solve or at least begin to fix this problem? My family uses Lake Wylie all year long, and especially in the summer time. I would appreciate any feedback.

Thank you for your time and attention to this issue.
